

Good Afternoon Council President and Council. My name is Francine Waters, Senior Director of Transportation for Lerner Enterprises. Lerner Enterprises is a member of the White Flint Partnership. We fully support the proposed White Flint Amendment to the 2009-2011 Growth Policy before the Council. Equally, we endorse the staging allocation recommendation proposed by the White Flint Partnership. We also wish to extend congratulations to the Council on the passage of the White Flint Sector Plan.

Thank you for this opportunity.
